PROFESSIONAL SUMMARY

I am a dynamic and motivated leader with over 20 years of experience in information services and logistics, specializing in customer integration solutions. With a proven track record of enhancing customer experience through seamless integrations and managing systems that handle over a billion transactions annually, I bring a wealth of expertise to any organization.

My expertise includes leading multiple high-performing agile teams, leveraging microservices architecture with continuous integration and continuous deployment pipelines. My goal is to inspire my teams to reach their full potential in a collaborative and inclusive environment, focusing on coaching, mentoring, and fostering continuous innovation and growth.

As a data-driven decision-maker, I am passionate about leveraging technology to solve complex problems. I successfully manage a \$10 million budget, optimizing resources, reducing costs, and planning for the future. My commitment to delivering results-based customer service and continuous improvement is unwavering.
